Bentley Chantilly White Bedroom

The Chantilly White bedroom collection is crafted from white painted American beech solids and veneers and offers a contemporary update to classic French styling. Chantilly effortlessly combines a bold character with subtle attention to detail that results in a range that is, quite simply, beautiful. Intricate details such as a curved crest rail on the bed and bespoke shield handles contribute to the beauty of this range, while surprising features such as hidden drawers and soft-closing runners allow for a superior user experience. Chantilly is an exquisitely grand range that will add an opulent touch to any bedroom
