

Haskins

FAMILY FURNISHERS SINCE 1930

A beautiful statement piece, the elegant Ibstone cabinet has the softly sculpted outlines and refinement that have always been ercol hallmarks. The bold 'sunburst' pattern is cut into the solid ash doors for a subtle three-dimensional effect, with a central disc handle set in a gently dished recess. Each individual piece has its own unique quality and look, reflecting the beauty and variety of natural wood grain meaning no two pieces are exactly alike. Supplied fully assembled, it's available in all ash finishes.
