Bentley Riva Oak Bedroom

With dynamic zigzagging veneer pattern, Riva Rustic Oak is sure to make a stylish statement in any contemporary bedroom. Consisting of rustic oak veneers that are hand laid in a chevron pattern and oiled to highlight the rich character of oak, this range adds warmth and texture in abundance. Contrasting peppercorn inlay detail within the recesses of the drawers, doors and headboards combine with the peppercorn powder coated metal frames to give the range a slightly industrial edge. Quality mechanisms such as fully extending side mounted soft-close drawer runners add functional finishing touches to Riva's on-trend, mixed-media aesthetic, resulting in a collection that is both practical and stylish.
