FAMILY FURNISHERS SINCE 1930

**Rowan**

This consciously crafted range has deep interiors that are made with 50% recycled ocean plastics and uses soft recycled fabrics made from regenerated yarns and upcycled cotton; so you can help the planet whilst sitting comfortably. With the option of a button-back or plain back, Rowan is beautiful on the outside and in.

Expertly engineered in rural Nottinghamshire this model is also available with our distinctive power footrest option so you can rest easy knowing you've done your bit to help our planet.
