Sleepzee Immerse 2200

Fed up with poor sleep? The Immerse Plus 2200 offers you support and hypoallergenic innovation to help you nod off with ease and stay asleep for as long as you like. It combines ViroFresh™, our game-changing anti-microbial technology, with flexible foam layers and Staycool™ Gel.

ViroFresh™ kills 99.9% of bacteria and viruses on contact, making this the ideal mattress if you want to optimise your health and feel supported while you sleep.
