

The painted furniture trend is here to stay, and as part of our most popular range we also offer our Dorset collection in painted. A contemporary design, offering a painted body whilst still keeping the natural beauty of lacquer oak tops, creates a striking contrast and for longevity of use. The units contain both a metal and wooden knob for choice. Supplied as standard in Ivory, with an additional choice of 2 premium colours to choose from, Moon Grey and White. Arundel offers perfectly proportioned items, with a broad selection of practical storage solutions in different configurations for your living space. This range offers a comprehensive pick for your home without compromising on quality and value.
