Tempur Woodbridge

With its plush deep-buttoning design and winged edges, The TEMPUR® Woodbridge headboard is the epitome of luxury perfect for those looking for a little opulence. Available in a choice of 15 contemporary fabrics.

The Woodbridge Headboard may be purchased as a unique item, but it also co-ordinates with all Suffolk [divans](#), [ottomans](#) and [adjustable](#) bed bases.

Designed to flush fit against the wall with any standard divan base with bolt fixings, our floor standing headboards are made to order in one piece with slots in the base. These enable you to secure them to your bed base.
