G Plan Marlow

Marlow Dining by G Plan cabinet is a beautiful statement design with a mid-century feel. Elegant features include turned, tapered legs, bevelled edges, and distinctive brass handles. Crafted from medium-tone oak, each piece showcases the natural grain features that infuse warmth into any setting. The extension leaves are cleverly stored within the table and effortlessly unfold using a butterfly mechanism. In keeping with G-Plans heritage the Marlow collection offers a complete room set of sideboard, bookcase, and occasional pieces.
