Parker Knoll Design 1701

The Design 1701 collection was born out of our ongoing commitment to modernise and refine reclining furniture. This meticulously engineered design features a lifting, adjustable headrest and an electronic reclining system. This stylish model also houses a USB port to connect your devices.

This collection has gone through hours of rigorous testing by our expert craftsman and uses our latest innovation in premium comfort technology. The collection is available in our range of soft touch fabrics and fine leathers. Available as an armchair, two seater, large two seater and a corner group.
