Hypnos Ortho Support 6

Wake up feeling energised! Sleep is pivotal to our wellbeing, affecting our state of mind and our ability to be at our best both physically and mentally. The Orthos Support collection has been carefully designed to offer the ultimate choice in firm support combined with the finest sustainable and natural materials and the very best of British craftsmanship. Features firm ReActive™ pocket springs and eco-friendly, responsibly sourced cotton comfort layers. By using smart, sustainable fibres, sleep is enhanced, as these naturally help to manage heat and moisture. Designed with a naturally firmer feel for those who prefer more support for a better night's sleep. Hypnos Orthos Support mattresses are available in two comfort level options; 'firm' and 'extra firm' spring tensions.
